

MISSIONS MOMENTS

At Western Washington University

"But you will receive power when the Holy Spirit has come upon you, and you will be my witnesses in Jerusalem and in all Judea and Samaria, and to the end of the earth."

-Acts 1:8

Prayer & Praise

Praise God for...

- An incredible, faith-building mission trip!
- The ways God continues to shape and grow us!
- Our students' vision, passion, & eagerness to grow in their faith, & invite others to know Jesus as they enter into Spring Quarter.

Intercede for...

- God's provision of the right house for us!
- Students to step into more responsibility and leadership in our community.
- God to continue to pour out his Spirit on our community and on WWU's campus!
- Sustained energy & endurance to invest in even more students!

Call us biased, but we believe we had the BEST spring break around!

For a week in March, we piled into a van with 7 students and headed to Washington State University! While there, we spent time with our sister ministry the Chi Alpha at WSU. It was a true joy to love on and encourage their students and ministry staff. We also had the opportunity to do outreach on campus and engage in intentional spiritual dialogues with many students. It was good, hard, meaningful and everything in-between.

We are so proud of our crew of students! Each of them took brave steps of obedience to what the Holy Spirit was leading them to say and do. They took bold steps to step out to be witnesses to strangers beyond their campus, comfort zones, and familiar places. As a result they saw Jesus show up in pretty incredible ways! They each came back from this trip more mature and spiritually gritty than they were before! We LOVE coming alongside students as they seek to put God's will and plans before their wants and desires. He always shows up, and he always does incredible things!

In this newsletter, you'll find a couple of testimonies from the trip. We wish we could share all of them with you in detail, but there are far too many than we can fit on these pages!

God is still moving to reach young people across the U.S. & world!

More than Prayer

*"One afternoon while we were doing outreach at WSU, I walked up to a guy with my 'free prayer' sign to ask if he needed prayer. **Little did I know he was actually watching a youtube video about Jesus on his phone.***

*He really struggled the previous semester and didn't know where to turn. So he started searching about Jesus on the internet. We talked for a long time about Jesus, the Bible, and what that means for the way we live our lives. **He had never prayed with anyone before, so I got to be the first.** Then I invited him to a social with our ministry and he met people there. He is now attending the weekly worship service, having 1:1 discipleship meetings, and **he has a community of people to talk to about Jesus for the first time!"***

A Student's Answer to Prayer

"One day my partner and I walked up to a student to ask them what their spiritual background was, and their experience with community. The student shared that she is a Christian and felt very isolated in her faith.

*Just the night before **she had prayed the Lord's prayer - asking God to confirm if she should continue to follow Him.** We got to pray with her, encourage her in her faith, and invite her into community! **She told us that our conversation with her was the confirmation she needed!"***

#HarrisLove

We need to move into a new place this summer... so we're looking for a home around Bellingham! After much prayer and talking to financial advisers and wise friends, we're trying to buy our first home. Given the housing market and our budget, this will be nothing short of a miracle! However, we trust God will provide a space we can call our own to host students, friends, and family in, if this is His will for us in ministry. Please pray for God's guidance and discernment as we do this, and for His perfect provision!
